The Cloud-Based Mailroom

Send your documents to the U.S. Post Office through your own Cloud-Based Mailroom

www.docusend.biz

The Cloud-Based Mailroom

- No more trips to the Post Office.
- No minimums, contracts or set-up fees.
- Works with any accounting system or software.
- Reduces need for paper, envelope and stamp inventory.
- Eliminates leasing and maintenance contracts for mailing equipment.
- Eliminates manual labor - less than 2 minutes to upload and you're done.
- Easily access portal for mailing activity dashboard and document images.
- We print and mail your pre-addressed PDF file, no matter where the address is located.
- Mail invoices, billing statements, past due and disconnect notices, welcome and renewal letters, legal documents, tax forms and more.
